

DirectorEC

Professional Publisher Series

Advanced Network-Based CD-R/DVD-R Publishing

Get the power to burn discs-on-demand with a DirectorEC CD-R / DVD±R publishing system. This network-based publishing system allows users to initiate burns or print jobs from even a remote web browser!

Ideal Choice for One-Off Duplication

The DirectorEC is ideal for burning one-off unique CDs/DVDs on demand. Since each drive operates fully independent of the others, the DirectorEC is capable of producing up to 4 unique discs simultaneously -- no more waiting around for one drive to finish before loading another master.

Exclusive API Technology

The Included API toolkit allows the DirectorEC to be easily and seamlessly integrated into users' existing custom applications to burn CDs/DVDs on demand.

Director EC4 w/Prism Plus

Features Include:

- Includes fully configured PC
- 4 drives; 52X CD-R or 8X DVD±R/ 24X CD-R
- In-line direct to disc printing with inkjet and thermal printers
- Processes up to 4 unique jobs simultaneously
- Unlimited job queuing
- Includes Java and Windows client software for operation from any computer on a network running a standard Internet browser
- Precision-reliable "pick and place" robotic automated disc loading
- 200-600 disc spindle capacity (*varies with printer choice*)

Drive Technology

The DirectorEC Advanced Publisher Series features exclusive CD-R ProDRIVE technology, offering enhanced professional audio capabilities. And thanks to the ProDRIVE, MF DIGITAL duplicators are the only ones that allow 100% verification of audio discs.
